Modesto Republican Women Federated

President's Message

To all members & associates,

Let us never forget the nearly 3,000 people killed in the terror attacks of September 11th, 2001 at the World Trade Center, Shanksville, Pennsylvania, and at the Pentagon.

We hold in remembrance the selfless acts of so many firefighters, law enforcement, and first responders who selflessly went toward danger that day. Also, the passengers of flight #93, who bravely tried to regain control of their airplane, averted further destruction.

America is still the greatest country in the world! We Americans love our freedom. Our enemies would love to see our country fall, but they cannot destroy the American resolve!!

Remember to pray for our military, firefighters, law enforcement, and first responders. They act as our heroes every day!

Pray for the safety and unity of America – with God, nothing is impossible!

Thank you to all who attended our last meeting, and watched the bold and truthful movie “2000 Mules” produced by Dinesh D’Souza. A special thank you to Lydia & John Kanno for providing the DVD, for all to view and learn from - what an eye-opener into the stolen 2020 election of President Trump!

Insights from J.D. Godkin:

Greetings Warriors of Wisdom and Hope . . .

Really???! America's illustrious Speaker of The House, Mrs. Paul 'The DUI Specialist' Pelosi [aka Nancy Pelosi] has taken up becoming a Diplomat. How do you think that will turn out? Purportedly, even our friend, South Korea wouldn't see her.

Reminds me of when 'Her Eminency' decided to drop-in unexpectedly on a fourth grade class as the class was in the middle of a discussion related to words and their meanings. [No Clinton jokes, please!]

The teacher asked Mrs. P if she would like to lead the discussion on the word 'tragedy'. So, without hesitation, the renowned Democrat jumped up and eagerly asked the class for an example of 'tragedy'.

One little boy stood up and offered: 'If my best friend, who lives on a farm, is playing in the field when a tractor runs him over and kills him that would be a tragedy.'

"No", said Pelosi, "That would be an accident."

A little girl raised her hand: "If a school bus carrying 50 children drove off a cliff killing everyone that would be a tragedy."

"I'm afraid not," explained our great leader. "That is what we would call a great loss."

The room went silent, and no other child volunteered another example. "Isn't there ANYONE here who can give me an example of a tragedy", pleaded the Speaker.

Finally, at the back of the room, Little Johnny raised his hand. The teacher held her breath . .

In a quiet voice, he said: "It's pretty clear to me that if the plane carrying you was struck by a 'friendly fire' missile and blown to smithereens that would be a tragedy."

"Fantastic!" exclaimed a jubilant Pelosi. "That's right! And can you tell me, young man, why that would be a tragedy?"

"Well," says Little Johnny, "It has to be tragedy because it sure as hell wouldn't be a great loss . . . and you can bet your sweet bottom it wouldn't be an accident either!" The teacher immediately fainted.
